Authorization

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gage on 11-23-04.

Amendment

2. The application has been amended as follows:

Claim 17, line 2, "a LYCRA" has been changed to -- an elastic --.

Claim 22, line 13, "(elastic or extensible)" has been deleted.

Claim 22, line 14, -- , the backsheet being elastic or extensible -- has been inserted after "line".

Claim 22, line 21, "(elastic and extensible)" has been deleted.

Claim 22, line 22, -- , the topsheet being elastic and extensible -- has been inserted after "v)".

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: **claims 1, 22, and 23**: the prior art of record does not teach or suggest using a liquid barrier sheet as item 70 in Roessler instead of a tissue as item 70 in that such a liquid barrier sheet would prevent user's liquid waste from reaching the absorbent core (tissue 66 and cut pulp 60) of the disposable absorbent article when in use thus destroying the use of the article because the body-facing side of the article is that next to item 76 followed by item 70 and then the absorbent core.

Art Unit: 1734

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
